

Enhanced Urban Planning through Disruptive Technologies for more Age Friendly Cities

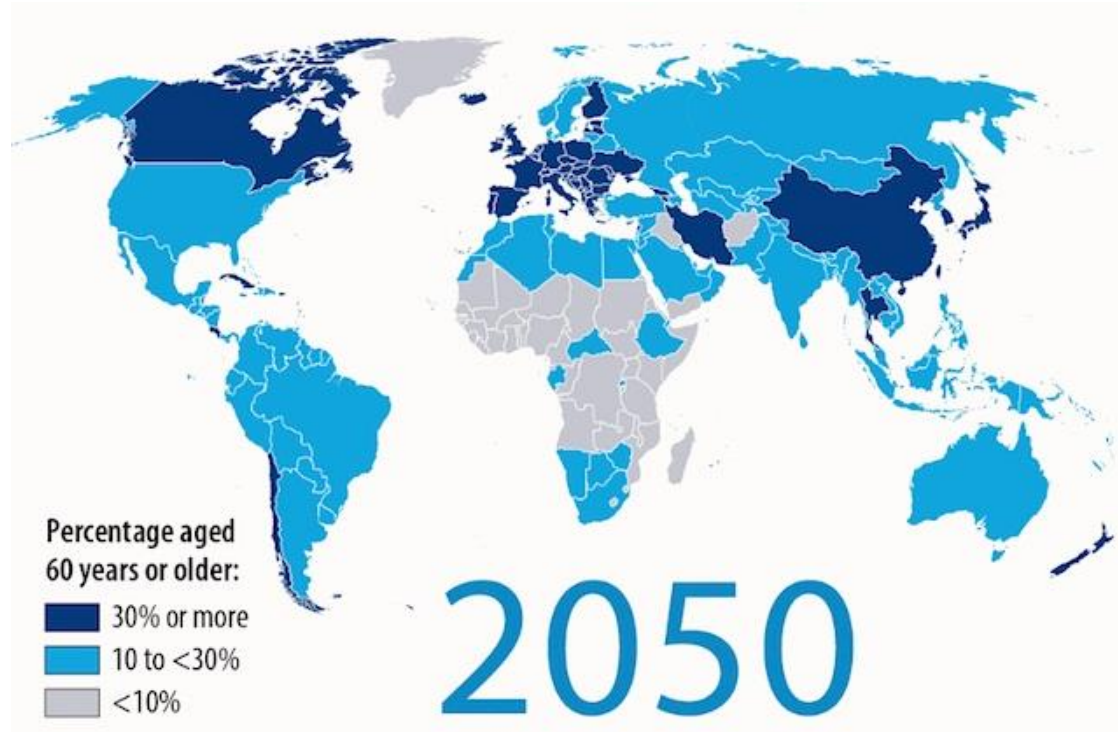

Silvia Urra Uriarte

TECNALIA

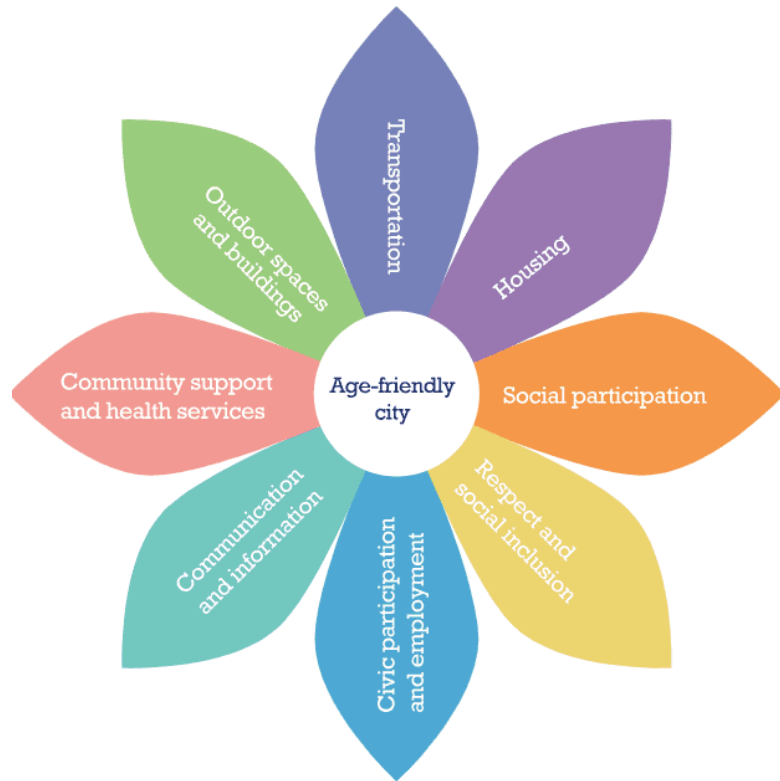

Creating **age friendly** cities is an **URGENT** policy challenge...

Europe is getting older...

Presenting unique challenges around health, mobility, and the physical environment

URBANAGE project

URBANAGE is a European Horizon 2020 project that investigates how digital technology can address the **needs of older people in the urban environment.**

Helsinki (FI)

Santander (ES)

Flanders (B)

3 years project

3,711,653.75 M EUR

11 partners

In **2050 16%** of the world population will be **over 65 years old**, joined to the fact that the **68%** of the world population will be **living in cities**

(from the United Nations data)

Key Exploitable Results

- Age Friendliness Index & URBANAGE AFC Indicators Framework
- Age-Friendly Route Planner
- City Digital Twin for urban planning
- Green Comfort Model

Help us shape the future of digitally supported age-friendly cities
